LOCATION

Next Saturday, April 29, 2023, the Scott Marathon Btt Cambrils will be held. A very epic test, due to the hardness of the ground that they are going to find. A new section without technical points but very fun and deep in the characteristic forests of the area, make a special contrast for this test that combines sea and mountains and that will not leave you indifferent.

Parque del Pescador de Cambrils, next to Passeig de las palmeras, in front of Playa de la riera de Alforja.
